MISSION

“PLASTIC CURRENTLY ACCOUNTS FOR 85% OF ALL MARINE LITTER AND IS ON TRACK TO TRIPLE BY 2040.”

Every sale funds the collection of 11.4 kg / 25 lbs of ocean-bound plastic, equivalent to **1000 plastic bottles in weight.**

By partnering with forward-thinking organisations and brands, we've collected over **8.6 million kgs / 19.1 million lbs** of ocean-bound plastic to date.

We partner with plastic collection sites around the world, supporting thousands of livelihoods, whilst improving ocean health.

A close-up photograph of a person's hand holding a light blue, circular Ocean Bottle. The bottle has a small handle on the left side. The background is a blurred, deep blue surface, possibly water or a large container. The lighting is soft, highlighting the texture of the hand and the smooth surface of the bottle.

“Ocean Bottle is the first tangible ocean impact solution that we have.”

Our Core Product Features

Recycled stainless steel vacuum insulation

No sweat exterior

Dishwasher safe

BPA Free

Made using **recycled ocean-bound plastic**

Includes **embedded NFC** to enable more impact

Trackable & Traceable impact. Fully certified production.

10 year warranty & spare parts.

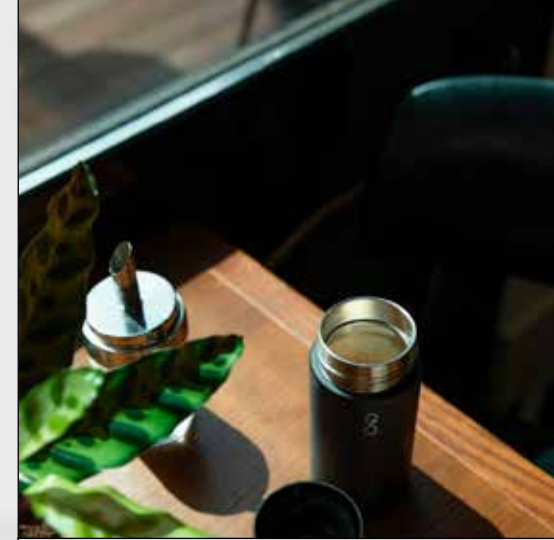

Our Approach to CO₂ Emmissions

We contribute to global carbon neutrality in three ways:

Implementing emission reductions through our supply chain.

Avoiding emissions in our value chain.

When necessary developing carbon sinks by protecting natural ecosystems outside of our value chain.

Sustainable by design

Our commitment to making planet-friendly products.

RECYCLED MATERIALS

We strive to include as much recycled content across all our products as possible, they're also fully recyclable at the end of life.

10

10 YEAR WARRANTY

Every product comes with a 10 year warranty and free replacement parts for life.

RESPONSIBLE SOURCING & SUPPLY CHAIN

We take product testing seriously and can provide full certification & accreditation with every order.

The logo for 'Ocean bottle' is centered in the image. The word 'Ocean' is in a white, sans-serif font. The word 'bottle' is also in a white, sans-serif font, with a stylized white wave graphic integrated into the letter 'o'. The background is a high-angle, close-up photograph of a blue ocean wave curling over, with white foam visible on the right side.

COLOUR PRINT CARE GUIDELINES

APPENDIX

We use state-of-the-art colour printing for all our products. However, generally speaking, printing is not as durable as engraving as it is prone to scratching in nature, much like how denim is prone to fading over time.

As Ocean Bottle users are likely to have active lifestyles, we anticipate the bottle may face some wear and tear over time. For this reason we'd recommend laser engraving over colour printing.

However if colour printing is still your first choice, here are some guidelines to keep the print looking fresher for longer:

Avoid putting your bottle in the dishwasher

If you must use the dishwasher, use a cool wash only and make sure the bottle is fully dry before use

When washing by hand, use a soft sponge to avoid scratches

Avoid leaving in your bag unprotected from things like keys & laptops, as metal on metal will scratch.
